

Memo Prompts

AP Human Geography Examples

Description: The International Relations Simulation is composed of 7-10 Turns, each of which have a defined start and stop time. To successfully submit a memo, choose at least one question from the current Turn below and **write a minimum of 300 words for your memo** within the simulation on the left menu under “Memo”. The memo must include specific examples from within your simulation.

Grade: Memos in total count for 10% of your grade.

Due Dates: Each memo must be submitted prior to the end of the current Turn. I.e. If Turn 2 finishes on Friday at 5:00 PM, the memo must be submitted by Friday at 5:00 PM.

Turn 0 Prompts *[choose at least 1]*

1. Which government type and attributes did you choose? How did you reach that conclusion?
2. How did you decide who will be the President of your country? Why did you choose this approach?
3. Which goals does your country hope to achieve throughout the simulation? How do you foresee attaining them?

Turn 1-8 Prompts *[choose at least 1. The same question can be used for a maximum of two memos]*

1. **Standard 1.2 IMP-1.B.2:** What decisions has your country made in which you used information found on geospatial technologies including geographic information systems (GIS), satellite navigation systems, remote sensing, or online mapping and visualization. Describe how the technology gave you confidence in your country's decision.
2. **Standard 1.6 PSO-1.C.1:** Describe how you differ in the analysis of global, regional, national, and local data.
3. **Standard 4.8 SPS-4.A.1:** Factors that can lead to the devolution of states include the division of groups by physical geography, ethnic separatism, ethnic cleansing,
